Dear Gottlieb:

First of all are you sending an umpire here for Friday night June 30th, and Sunday July 2nd. We are also going to play the Elites here Friday July 7th, but Green said not to make it a league game.

Now The stars are scheduled here in Newark Friday August 18th, and I was thinking if I could get you to move that game up to Friday the 11th, and could get The Grays for the 18th, it would make a more interesting schedule. It would mean I would be playing The Stars and The Grays each a three game series at home. Before I ask The Grays to come here the 18th I will wait to hear from you about the change. I imagine they will come as they are in Philly the 19th. I do hope we will draw here Friday nights as it will give us another spot to play in this barren territory. We are laying around all this week nothing to do until Friday. I will give you my open dates now. Let me know if you have anything for them.

July 11, 12, - 17, 18, 19, 20, - 31. I asked Bill to contact the man in Buffalo about sending two teams there for the 17th and 18th. I have not heard from him on it. I am also waiting on him for a confirmation of July 5th in Hackensack, and 6th in Newburg.

August 1, 2, 3, possibly 4th and 7th, 8, 9, 10, - 14, 15, 16, 17, - You are here on the 13th and we could play in Trenton the 14th, but I don't guess you will want to bother. Anyway we will be able to tell before then how we are drawing there

The Grays play here the 20th, and I am going to try to get them to take me from town on, as we are playing them in Pittsburg the next Sunday the 27th.

We are going south with The Elites July 24th to 28th.

Please let me know about the umpires. I wish it was possible to assign them without all this writing and telephoning. Will you try?

Very Truly Yours
